Description:

A full service diesel and gas engine repair shop that involves much more than marine engines. They are equipped to do the big and small engines from complete overhauls, air condition and cooling service, general maintenance and up to the pulling and replacing the entire power systems both in the shop or in the boat slip. They have the ability to work on all size gas and diesel engines from 3HP to 1,200HP. Equipped with 3 service vans and two trucks to do on site work at the various marinas and private docks along the Gulf Coast.

This mobile and on site work in very high demand and this business is highly regarded by the long list of satisfied customers. This business is also the area dealership and authorized warranty shop for several major brand name marine engines and generators, both gas and diesel. A large parts department that supplies other area shops with hard to get parts and the only parts supplier for major brand names in this Gulf Coast region. This business has an excellent reputation and is known for competent generator service for home, marine and RV customers. Well designed web site included.

Fully equipped shop and office on large lot with plenty of room for monthly boat storage. 3 factory certified mechanics that would like to stay and complete training will be provided by seller. Located on busy highway in the Gulf Coast area on a 2.4 acre lot in a completely organized shop and parts department.
