Sunbelt Listing ID:

Description:

This company innovates, designs, and engineers the highest quality, American made solar powered solutions for **residential** and **commercial** environments. They provide durable product solutions that help end users **achieve more independence**, contribute to conserving our natural resources, and achieve meaningful economic savings. Products are manufactured and assembled from American made resources. They produce high quality, durable products that provide long lasting, reliable, and maintenance free performance. They sell green technology that is all American made and assembled. The products have many benefits like Tax credits, Lifetime warranty, free to operate, built to last, year round operation, and are made in the USA. This business comes with solid sales of over 2.5 million annually, a cash flow of around \$750K, a strong workforce, and many dealers that buy and install these products. Buy this business now because it will not last long on the market.
