Sunbelt Listing ID:

Description:

Introducing an exceptional electrical contracting business in NW Florida with 15+ yrs of experience, Serving FL and AL. This contractor currently energizes over 400 swimming pools a year as well as 200 to 300 Single Family new residential units, 8 24 commercial projects, along with a range of retro/remodel and service work. An established, thriving electrical contracting business, owned by a licensed and insured commercial and residential electrical contractor with certifications in Florida and Alabama.

Key Advantages: Local Expertise: Unparalleled familiarity with Florida and Alabama, unique electrical and construction standards.

Being deeply rooted in the community, the business prioritizes its reputation, to enjoy a solid repeat customer base. This business includes an established shop with a 40’ x 50’ building on + .206 of an acre lot near a major highway, 11 service vans, a scissor lift and a Mini X backhoe w/trailer

For the Potential Acquirer: This acquisition provides a golden opportunity to tap into a thriving market with an already established presence.

Benefits include instant market penetration, an experienced workforce, existing infrastructure, and a steady cash flow. The business's established reputation, customer base, brand recognition, and local market knowledge further bolster the acquirer's competitive advantage.

Growth opportunities abound, and the groundwork laid by the business paves the way for easy expansion, diversification, and synergy creation.

In essence, this acquisition offers an industry player a comprehensive solution to fortify their position in the electrical contracting sector, particularly within the NW Florida Panhandle, and Southern Alabama regions.

The array of benefits promises not only a swift return on investment but also a sustainable growth trajectory.
